Review date:

Task, Activity Environment	Hazard	Risk and whom maybe harmed	Existing Controls to either eliminate or reduce the risk of an accident happening.	Likelihood of an accident happening	Severity of potential Injury	Risk Rating
<p>* This is a guideline, designed to aid visiting teachers in completing their own risk assessment forms. Teachers are advised to carry out a preliminary visit in advance of their school trip in order to conduct their own risk assessment. Responsibility for pupils on school visits remains with the teachers at all times. Everyday hazards such as slipping, tripping or falling on stairs, trapping fingers in doors and cuts and bruises are inherent in all environments</p>						
The site - general	Inappropriate access	All	<ul style="list-style-type: none"> schools will be fully briefed regarding potential hazards, "no-go areas", and safety measures/procedures, including conduct and behaviour expected. visitors must obey all signs and guidance given by staff access to some areas is prohibited 	1	2	Low
	Inadequate supervision/ Pupils lost or separated	Children	<ul style="list-style-type: none"> the group is well supervised by an adequate number of competent school staff (Minimum ratio as recommended in the Lincolnshire Educational Visits Policy and Guidance Document) the party is divided into small designated groups that are easy to manage and supervise Teachers to decide upon designated meeting points 	2	1	Low
	Medical issue	All	<ul style="list-style-type: none"> First Aid facilities and/or resources available on site <p>(First Aid provision is ultimately the responsibility of the teacher leading the group).</p>	2	2	Low
